## CONTENTS

- Gyosheva, M. & Dimitrova, E.  
165 New records of larger fungi established in habitats of glacial relict plants in Bulgaria
- Stoyneva, M. & Uzunov, B.  
169 First record of the rare species *Phaeoschizochlamys mucosa* (*Phaeosaccionaceae*) in Bulgaria
- Ognjanova-Rumenova, N., Botev, I. & Vidinova, Y.  
173 Using sediment diatom assemblages in the assessment of environmental changes in high-altitude lakes, Rila Mts, Bulgaria
- Mosaferi, S., Keshavarzi, M. & Ghadam, P.  
185 Biosystematic study of annual species of *Persicaria* from Iran using SDS-PAGE
- Sheidai, M., Fadaei, F., Noormohammadi, Z. & Assadi, M.  
191 Species relationship and diversification in the genus *Arenaria* L. (*Caryophyllaceae*) in Iran
- Siljak-Yakovlev, S., Tan, Kit, Tsounis, G. & Tsounis, L.  
201 Genome size and chromosome number of *Micromeria acropolitana* (*Lamiaceae*), a steno-endemic from Greece
- Yılmaz, G. & Dane, F.  
205 Studies on *Verbascum ovalifolium* and *V. purpureum* (*Scrophulariaceae*) from the vicinity of Edirne (European Turkey)
- Daşkın, R. & Kaynak, G.  
213 Conservation status of five endemic species distributed in Northwest Turkey
- Velev, N., Apostolova, I. & Fajmonová, Z.  
221 *Cynosurus cristatus* grasslands in West Bulgaria
- Panayotov, M.  
237 Avalanches on the northwestern slope of peak Todorka (Pirin Mts, SW Bulgaria) and their influence on forests
- Vladimirov, V. & Tan, Kit  
247 New Floristic Records in the Balkans: 16
- Tan, Kit & Biel, B.  
265 Nomenclatural note
